AND CHANGING LIVES**

# Come On Board!

**2010 is set to be a landmark year! Christian Youth Enterprises Sailing Centre (CYESC) will be celebrating 25 years of CHANGING LIVES in Chichester Harbour, and is planning to change the accommodation ship.**

The chance to enjoy a genuine adventure of a lifetime is extremely rare and can be LIFE CHANGING. To do so in a safe, accepting and inclusive environment like CYESC is particularly special.

However, CYE Sailing Centre is not about a ship or even great quality facilities, it is about ensuring children and young people can experience life changing adventures at CYESC for decades to come.

It is about the opportunity to:

- develop new skills and to grow
- feel valued and inspired.
- discover a practical and relevant expression of Christianity.
- discover a future defined by purpose and hope.

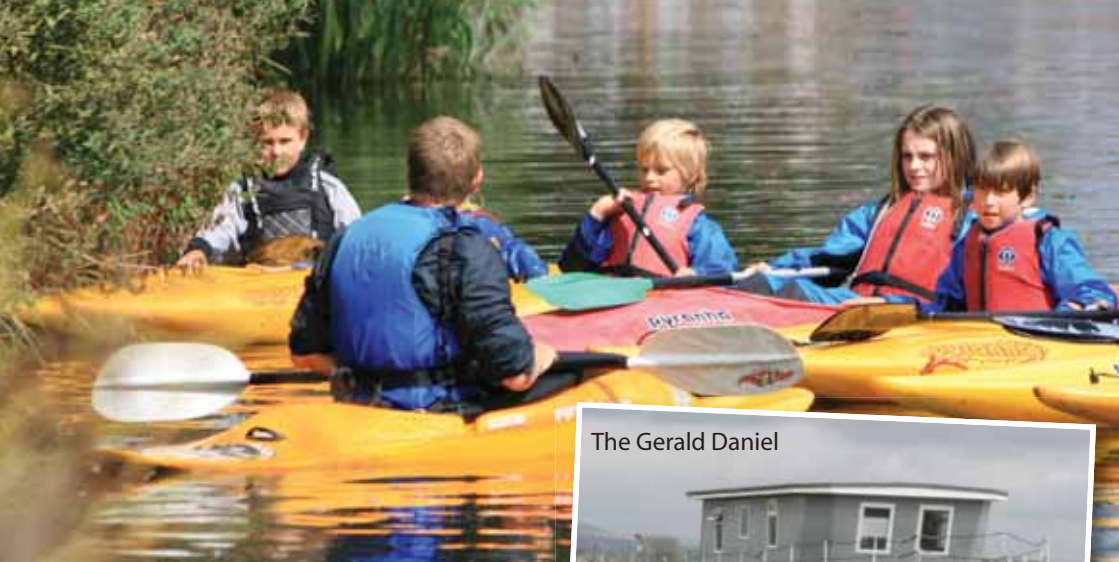

So many young people struggle in their teenage years and many live without hope and purpose and battle with behaviour and addictions. CYE sailing Centre's life changing opportunities can give a new potential and direction.

*“Thank you for letting me stay at Chichester, I had a wonderful time there. Sleeping on board was great.”*

### HOW CAN WE ENSURE THESE OPPORTUNITIES CONTINUE?

We are developing a larger, new, exciting and environmentally sensitive accommodation ship.

This will ensure many thousands of children and young people can continue to benefit from the numerous outdoor activities and challenges to be discovered here.

The existing accommodation ship, the Gerald Daniel has served us well for 25 years but is now becoming less suitable for groups. By October 2009 nearly £400,000 had been raised and we are

working towards the likely requirement of around £1m. Construction on the ship's main structure was started, and we hope to begin fitting the interior accommodation in 2010. This includes

spacious and comfortable cabins for 50 people, fully accessible en-suite facilities for the disabled, toilets and showers, large meeting and dining rooms and modern catering facilities. Check the website link for regular progress reports [www.cye.org.uk/barge.htm](http://www.cye.org.uk/barge.htm)

*"I learnt that I can conquer my fears and do the monkey bars and even when things look tough we can succeed!"*

**School Pupil visiting in 2009**

We cannot continue without your help and support. Without a new ship, the work of CYESC will come to an end; together we can ensure that the LIFE CHANGING work can continue for generations to come.

Please take time to support this project. Every single pound moves us a step closer to having the new ship in use from March 2011.

We need your help and invite you to... Join us and: **"come on board!"**

*"a quick note to say a huge thank you for the 24hours we spent on the Gerald Daniel last week. Without exception, the children had a wonderful time. They all learnt so much in terms of independence, teamwork, perseverance and trust of each other."*
